Mbit/s

dLAN® & WLAN: The innovative powerline solution with Wireless LAN extension and triple Ethernet.

Game consoles, Internet TV sets, Blu-ray players, laptops and smartphones – more and more devices can be connected to the Internet. Whether using WLAN or a classic network cable – the dLAN® 200 AV Wireless N is the solution. Using the compact devolo adapter, you can easily set up individual WLAN zones in the home and also connect up to three cable-based devices in the room to the Internet using just one dLAN® adapter. Ideal for the living room and home office!

The multimedia nerve centre in the room: Wireless LAN and triple Ethernet

dLAN® 200 AV Wireless N

dLAN® 200 AV Wireless N Starter Kit

The dLAN® Wireless Starter Kit with the added plus!

dLAN® 200 AV Wireless N Starter Kit+

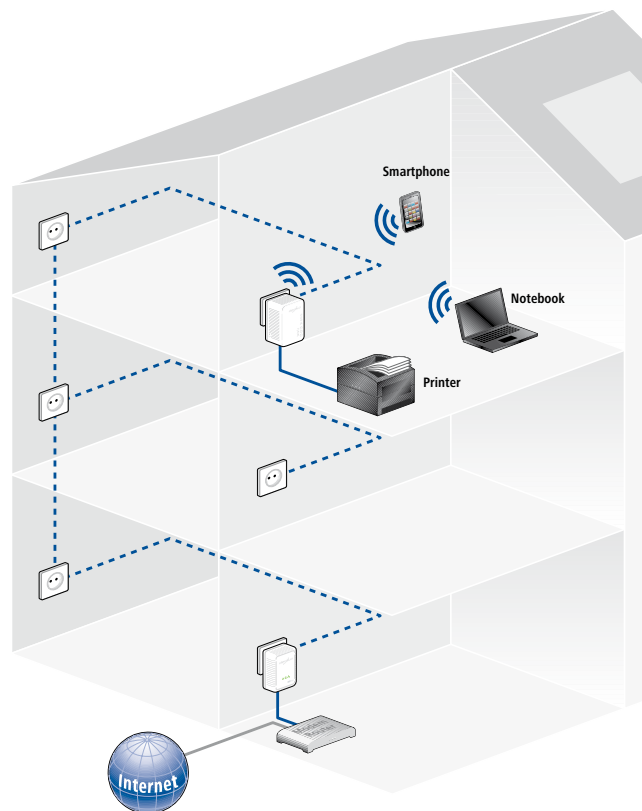

The integrated electrical socket of the dLAN® AVplus adapter enables additional terminal devices or multiple sockets to be connected to the adapter.

The added plus: no electrical outlet goes to waste.

Highlights:

- Powerline adapter for extending the Internet connection to every room of the house via the powerline. Whether via WLAN or using a classic network cable, all devices in the room have an optimum connection.
- Easy set-up of WLAN zones (WLAN access points) in the dLAN® home network with support of the WLAN „802.11n“ high-speed standard.
- No more problems with thick walls: at last, wireless LAN in every room and on every floor of your house
- 200 Mbit/s (gross) connection for fast data transmission, 300 Mbit/s (gross) in WLAN operation („802.11n“ standard).
- Three integrated network ports (RJ45) for cabled connections of computers and network-compatible devices (e.g. PlayStation, television and Blu-ray player)
- Compact socket adapter with two integrated antennas for versatile and unobtrusive positioning
- Integrated encryption for WLAN (WPS) and dLAN® at the touch of a button.
- Separate on/off switch for WLAN operation. If WLAN is not needed, it can be switched off easily.
- 4-LED status display for information about operating state and WLAN and dLAN® connectivity.
- Greater security with integrated timer: the operating times of the WLAN can be configured individually using the software
- 3-year warranty

Software supports:

Microsoft Windows® XP 32 bit,
Vista 32/64 bit, 7 32/64 bit,
Mac OS® X, Linux®
